

MedScribe

winter news

Welcome to the second edition of MedScribe Information Systems Client Newsletter. During November we launched our new Website which contains great new features: employment opportunities, information on our services, management team information, client's page, a comment section and much more. As we grow and expand our service offerings you will be able to find the latest MedScribe updates, news and events at www.med-scribe.com.

As we approach a new year the MedScribe team looks forward to the events we will participate in during 2010. We will have displays at Ohio HIMA, Illinois HIMA, Georgia HIMA, Oklahoma HIMA, Florida HIMA, North Carolina HIMA and AHIMA in Orlando. You will also see our management team participating in the Florida Regional HIMA events throughout the year. We look forward to meeting each of our clients at one or more of the shows this coming year!

ChartNet™ News

ChartNet™ continues to provide our clients with the ability to perform transcription management with ease. We are always looking for ways to enhance the software and deliver our clients the latest technology that transcription services can offer.

During the week of 11-16-09 all clients received an email containing a PDF File with our latest ChartNet User Manual. The manual will be updated quarterly and sent to all clients via email. In addition, we will begin updating the WebPortal Manual and Quick Reference guides for ChartNet™, Web Portal and the E-Signature applications. Stay tuned in for further details

and dates on when these revised documents will be available.

MedScribe Fun Facts

MedScribe's Data Center is located in Jacksonville, Florida.

MedScribe offers a variety of services including direct dictation options, print routing and distribution, auto faxing, electronic signature and much more.

MedScribe has a team of 140 qualified transcriptionists that work from locations around the U.S. to serve our accounts.

November 1, 2009, marked the beginning of Health Information and Technology (HI&T) Week. HI&T Week is a wonderful week dedicated

to the thousands of Health Information Management (HIM) professionals who perform their duties masterfully throughout the year. MedScribe Information Systems is pleased and honored to provide support and service to HIM professionals for their valuable contributions to the healthcare industry. May everyone in HIM have a fantastic week celebrating our profession.

The Funny Things our Doctors Say

"The patient refused autopsy."

"The patient has no previous history of suicides."

"Patient has left white blood cells at another hospital."

Our Winter-Time Client in the Spot Light

This season's client in the spotlight is Miami Children's Hospital. The hospital is located in Miami, Florida. It is a 289-bed hospital known for its excellence in pediatric care. Over the years, Miami Children's Hospital has established itself as a world leader in medical education and is home to the largest pediatric teaching program in the southeastern U.S.

Meet the Miami Children's HIM Team led and directed by Pascale Prepetit, MSHA, RHIA, CCS, Director of Health Information Management.

MedScribe is thankful to have such a wonderful group of professionals to work with at Miami Children's Hospital.
